McCormick Endorsed by the PeopleV.US

Upholding the US Constitution and the Rule of Law

The PeopleV.US has endorsed Terri McCormick in the Republican primary for the 8th Congressional District. As part of this endorsement the PeopleV.US has raised \$100,000 for Terri McCormick's Campaign for Congress.

The successful fundraising capability of this national organization is a testament to the value that both Terri McCormick and the PeopleV.US have placed on bringing Congress back to Constitutional principles.

The principles and values that McCormick represents have attracted the attention and support of the PeopleV.US - a national constitutional group comprised of citizen leaders who are determined to hold lawmakers accountable to their words and actions.

"We are proud to have found a candidate who believes that the Constitution of the United States is not a living document, but one that is carved in stone," said Tracie Pistocco, media relations director of PeopleV.US.

McCormick has been a strong advocate for upholding the U.S. Constitution and ensuring that the voice of the people is never forgotten or trampled over. She is honored to have the support of a national grassroots organization that protects "We the People" against those that would debase and compromise the United States Constitution.

"When I take an oath to uphold the Constitution of the United States, I understand that it is a sacred oath of trust with the people that I hope to represent," said Terri McCormick. "The Constitution is not 'just a piece of paper,' it stands for the single most important document that we as Americans hold to ensure our rights and our liberties as a free nation."

Grassroots organizations, such as the PeopleV.US and the many active Patriot and Tea Party groups, are adamant about putting people first, rather than the 'business as usual' party machines. Committed to representing her neighbors in Wisconsin's Eighth Congressional District, Terri McCormick is focused on creating a better future for America; a future in which the Constitution of the United States is the authority and the destructive goals of career politicians are futile.

Terri McCormick went on to say, "Campaigns and elections must be about the people we serve - not about the 'tricks of the trade' of corrupt politicians that enter office owing special interests their seats of power, and then spend our country into bankruptcy."

"Thank you PeopleV.US for your faith in me and in our country, I will not let the people down!"

McCormick Thankful for Local Dairy Breakfasts

As June Dairy Month is coming to a close, the Terri McCormick Campaign for Congress would like to thank all those involved in the numerous Dairy Breakfast's held throughout Wisconsin. The opportunity to visit various farms, enjoy delicious farm-cooked meals and meet the hardworking men and women that have devoted themselves to farming Wisconsin, has been remarkable.

"The agricultural industry in Wisconsin is a huge driving force behind our state and our economy," stated McCormick. "It is the hard work and dedication of family owned and operated farms that make Wisconsin so wonderful."

"The opportunity to attend, volunteer at and converse with those in attendance at the various dairy breakfasts was a true delight," stated McCormick.
